WHO WE ARE

# A One-Stop Facility Partner

Multitech Solutions is a leading integrated facility solutions company. We provide the complete range of services a modern facility needs – delivered by one accountable team, at one point of contact.

Depend on us for competitive pricing, dependable quality and on-time delivery, whether it is a new build-out, a renovation, or day-to-day facility upkeep.

*"Without caring there can be no quality – we care."*

OUR PROMISE

**10+** Service verticals under one roof

**1** Point of contact for your facility

**PPE** Safety-first teams, always equipped

WHAT WE DO

## Ten specialist services, one committed team

 Electrical Systems	 Mechanical Systems	 Interior Works	 Civil Works	 Plumbing Works
 Carpentry Works	 Security Systems	 Networking Systems	 AV Equipment	 UPS & Inverters

Every engagement is backed by a well-trained, motivated and committed team – with a firm commitment to on-site safety: our people work only with the required protective equipment.

# Electrical & Mechanical

01

## Electrical Systems

Design, installation, modification and statutory approvals

- ✓ Installation of electrical panels – HT panels, LT panels, distribution boards and more
- ✓ Modification and upgrade of any existing electrical setup
- ✓ Specialised lighting for video-conferencing and telepresence rooms
- ✓ Design of domestic electrical diagrams with required approvals
- ✓ Liaising with government agencies for all statutory approvals

02

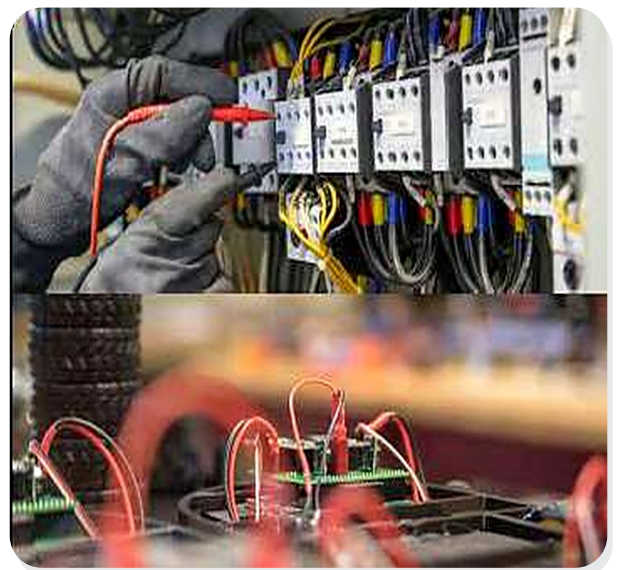

## Mechanical Systems

Rotating equipment, air systems and irrigation

- ✓ Motor rewinding, shaft alteration and mechanical seal replacement
- ✓ Ducts, diffusers, dampers and exhaust systems
- ✓ Automatic sprinkler systems for large garden and landscape areas

### Old or new – we keep it running.

From one-off repairs to complete overhauls of existing installations.

# Interiors & Civil Works

03

## Interior Works

From hi-tech boardrooms to bespoke home interiors

- ✔ Office interiors – hi-tech conference, telepresence and board rooms; modular workstations
- ✔ Home interiors – modular kitchens, PVC work, cupboards and artistic woodwork
- ✔ Aluminium partitioning and aluminium beading work
- ✔ Wall panelling – acoustic, wooden and SS panelling
- ✔ False ceilings – grid, POP and artistic POP design work
- ✔ False flooring for data centres; vinyl, wooden and carpet flooring
- ✔ All types of painting

04

## Civil Works

New construction and modification of existing structures

- ✔ Construction of buildings and road laying
- ✔ Renovation of all types of rooms
- ✔ Floor tiles, wall tiles and fibre panelling
- ✔ Major and minor plumbing and carpentry – new works or modification

We handle every kind of civil work – building new, or carefully modifying what already exists – with plumbing and carpentry included under the same roof.

# Security, Networking & AV

05

## Security Systems

Supply and installation of complete safety & security systems

- ✓ CCTV surveillance – internal and external cameras
- ✓ Access readers and pinpad readers
- ✓ DVR and recording systems
- ✓ End-to-end supply, installation and commissioning

06

## Networking Systems

Structured cabling done right, the first time

- ✓ Supply, laying and termination of all types of network cables
- ✓ Clean, labelled and future-ready cable management
- ✓ Support for office build-outs, upgrades and expansions

07

## AV Equipment

Supply and installation of all types of AV systems

- ✓ PA systems and video conferencing setups
- ✓ Auditoriums and mini theatres
- ✓ Telepresence and hi-tech meeting rooms

POWER & MORE

# UPS, Inverters & Scrap Removal

08

## UPS & Inverters

Reliable power backup, sized to your specification

- ✓ Supply and installation of a wide range of UPS systems and inverters
- ✓ Configured precisely to each client's load and specification
- ✓ For homes, offices and industrial facilities

### Scrap & Debris Removal

We remove and haul away all types of scrap and used items from buildings and industry.

LET'S WORK TOGETHER

## We request your esteemed company to give us the opportunity to serve you.

Please do not hesitate to contact us for anything further you wish to know, or to fix an appointment. Surpassing client expectations is our standard.
